

# Samnan Siddique

UNDERGRADUATE STUDENT

## Profile

Hello there! I am Samnan Siddique. I am a Sophomore at Presidency University currently pursuing Computer Science and Engineering - Specialization in Cyber Security. I am expected to graduate by 2025. I got into programming in my freshman year of college. I began to explore various technologies, coding languages and frameworks. I always try to learn new things and keep experimenting around various fields to see what best fits my interest. Apart from that, I love contributing to open-source community.

## Employment History

### Open Source Contribution, JuliaLang

- Collaborated with members in open-source community to learn more about the language and helped other members.
- Working on fixing the arguments order of Dates module which is reversed when compared to API call.
- Opened a pull-request for the fix at;  
<https://github.com/JuliaLang/julia/pull/47843>

### React Weather Forecast, Personal Project

- Learned about ReactJs and tried to implement it on front-end.
- Used openweather-api to fetch weather data and javascript to call it to the frontend.
- Shows daily and hourly forecast.
- Deployed using vercel.
- Project link: <https://x0samnan-weatherforecast.vercel.app/>
- Link to build: <https://github.com/x0samnan/WeatherAppReact>

### Portfolio Website, Personal Project

- Learned new technology like Typescript and Sanity Backend and tried to implement it to complete my first full-stack project.
- Used react libraries like framer-motion for smooth UI.
- Deployed using vercel.
- Portfolio link: <https://x0samnan-portfolio.vercel.app/>
- Link to build: <https://github.com/x0samnan/Portfolio>

## Education

### Bachelor's in Technology, Presidency University, Bangalore

SEPTEMBER 2021 — PRESENT

Sophomore.

Course - Computer Science and Engineering (Specialization in Cyber Security)
